

BrentRourke.com Respects Your Privacy

Any personal information you provide to us including and similar to your name, address, telephone number and email address will not be released, sold, or rented to any entities or individuals outside of BrentRourke.com. This Privacy Statement explains our website data processing practices.

Cookies

A "cookie" is a small data text file that is placed in your browser and allows BrentRourke.com to recognize you each time you visit this site (customization etc.). Cookies themselves do not contain any personal information, and BrentRourke.com does not use cookies to collect personal information. Cookies help us measure how many visitors come to our website and how many of these visitors are new or returning.

Most Web browsers allow you to deny or accept the cookie feature (refer to your browser's help function for details). You can control the use of cookies on your computer, and even eliminate them. However, eliminating cookie use may interfere with the function of some website services.

Information collected: non-personal

The moment you visit our website, some non-personal information is collected by the website.

We collect information automatically about your visit to our website. The information collected includes basic demographic data and browsing patterns. It is used only in aggregate form. We use aggregate information (so that no individual user is identified).

We also collect personal information through enquiry forms and every time you e-mail us your details.

Information collected: personal

With the exception of your IP address to help diagnose problems with our server and to administer our website, we only collect personal information through application forms, enquiry forms and e-mails. This personal information must be divulged by you — it is not 'gleaned' from your computer.

Public Comment Forms

Public Comment Forms are often used to complement a public consultation process to receive input, ideas, comments and suggestions. The information submitted in these forms is transmitted in one of two ways (through your selection): 1) unencrypted e-mail from our web server, via the Internet, to the appropriate e-mail mailbox, and/or 2) by using a "post to website" public comment form, where the data is transmitted unencrypted and then authorized for posting to the public website.

This website sometimes provides links to other websites. In most cases, links to other websites will open in a new browser window. Please note that you are clicking to ANOTHER website and content and privacy standards therefore are not under the control of BrentRourke.com. We encourage you to read the privacy statements of these linked sites as their policies may differ.
